DEFENDANTS

NOTICE OF REMOVAL

Defendants The Lincoln Electric Company; A.O. Smith Corporation; The ESAB Group, Inc.; Eutectic Corporation; Hobart Brothers Company; Praxair, Inc.; Sandvik, Inc.; Union Carbide Corporation and Union Carbide Corporation in its capacity as the successor in interest to Union Carbide Plastics & Chemicals Company, Inc.; Viacom Inc., successor by merger to CBS Corporation, f/k/a Westinghouse Electric Corporation; TDY Industries, Inc. (Teledyne McKay); The BOC Group, Inc., formerly known as Airco, Inc.; and Airgas-Gulf-States, Inc. (collectively "the

removing defendants”) remove this action from the Circuit Court of Smith County, Mississippi to this Court pursuant to 28 U.S.C. §§ 1441(a) and 1446, and in support would show the following:

1. The removing defendants are included among the defendants in an action pending in the Circuit Court of Smith County, Mississippi entitled Anson M. Russell, et al. versus Lincoln Electric Co., et al., which was filed on December 26, 2002, and which appears on the docket of that court as Civil Action No. 2002-498.

2. The plaintiffs allege in the complaint that the defendants are all sellers of consumable welding products (such as welding rods) that contain manganese. The plaintiffs allege that such manganese-containing welding consumables are defective and unreasonably dangerous because (a) during their normal use they emit fumes that also contain manganese, the exposure to which allegedly causes neurological injuries; and (b) the defendants failed to provide adequate warnings of these alleged dangers to users and other persons who might be exposed to such fumes.

3. On information and belief, the plaintiffs are residents of Alabama, Arkansas, Arizona, California, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, New Hampshire, Ohio, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, and Washington. The plaintiffs are therefore citizens of those states for diversity purposes under 28 U.S.C. § 1332.

4. None of the defendants in this action is incorporated under the laws of, or has its principal place of business in, Arkansas, Arizona, Florida, Georgia, Indiana, Kentucky, Louisiana, Maryland, North Carolina, New Hampshire, Oklahoma, Rhode Island, Tennessee, Texas, Virginia, or Washington. Accordingly, no defendant may be considered a non-diverse citizen of any of those states for diversity purposes under 28 U.S.C. § 1332.

5. The only defendants that are incorporated under the laws of Mississippi or that have their principal places of business in Mississippi are B & R Industrial Supply; Capweld, Inc.; Columbia Welding Service, Inc.; Eiland's Welders Supply Inc; Industrial Welding Supplies of Hattiesburg, Inc.; and Southern Welding Supply, Inc. The only defendants that are incorporated under the laws of Alabama or that have their principal places of business in Alabama are Welding Engineering Supply Co., Inc. and Airgas-Gulf States, Inc. These distributors ("the non-diverse distributors") are thus the only defendants that may be considered citizens of Mississippi or Alabama for diversity purposes under 28 U.S.C. § 1332.

6. It is now established, through discovery responses recently received from the non-diverse distributors, that they have been fraudulently joined as defendants to defeat diversity jurisdiction. Specifically, the non-diverse distributors' discovery responses reveal that they had no knowledge or reason to know at any relevant time of the dangers associated with manganese-containing welding consumables as alleged by the plaintiffs. The plaintiffs thus have no possibility of recovery against the non-diverse distributors under Mississippi law, and the citizenship of those distributors therefore should be disregarded for diversity purposes.

7. Additionally, the plaintiffs have been fraudulently and egregiously misjoined to defeat diversity jurisdiction. The various plaintiffs allege different injuries and symptoms resulting from exposure to fumes from different types of welding consumables manufactured by different manufacturers and sold by different distributors who may or may not be named as defendants in this action. The complaint contains no allegations linking any particular plaintiff to any particular distributor. The plaintiffs' alleged exposures occurred during different time periods, under different working conditions, using different types of equipment, at different places of employment, and in

different geographical areas. The plaintiffs' claims thus do not arise out of the same transaction or occurrence or series of transactions or occurrences, and do not raise any common question of law or of fact. Moreover, even if the plaintiffs' claims against the non-diverse distributors were generally cognizable under Mississippi law, no plaintiff could possibly have a viable claim against any distributor who did not actually sell the consumables to which that plaintiff was allegedly exposed. The plaintiffs therefore should be severed pursuant to Fed. R. Civ. P. 21 and should be considered separately in determining whether complete diversity exists between the parties.

8. The complaint alleges that the plaintiffs have suffered personal injuries including severe neurological injuries, past and future pain and suffering, past and future medical treatment and medical expenses, past lost wages and future disability, past and future impairment of earning capacity, a diminution in quality and enjoyment of life, emotional distress, and loss of consortium. The complaint also asserts a claim for punitive damages. It is therefore facially apparent from the complaint that the amount in controversy exceeds \$75,000, exclusive of interest and costs.

9. This action is therefore removable to this Court because complete diversity exists between the properly considered parties and the amount in controversy exceeds the sum of \$75,000, exclusive of interest and costs, as required for federal diversity jurisdiction under 28 U.S.C. § 1332.

10. The plaintiffs' complaint did not reveal the existence of complete diversity on its face. Instead, the first papers received by the removing defendants from which the existence of complete diversity could be ascertained were the discovery responses received from the non-diverse distributors revealing that the plaintiffs had no possibility of recovery against them because they had no knowledge or reason to know at any relevant time of the supposed dangers associated with manganese-containing welding consumables as alleged by the plaintiffs. Those discovery responses

were received no earlier than June 27, 2003. This Notice of Removal is filed within 30 days of the receipt of the discovery responses as required by 28 U.S.C. § 1446(b), and within one year of the commencement of this action as required by § 1446(b).

11. The removing defendants hereby give notice to the plaintiffs of the removal of this action pursuant to 28 U.S.C. § 1446(d). The removing defendants simultaneously are filing a true and correct copy of this Notice of Removal with the clerk of the Circuit Court of Smith County, Mississippi pursuant to 28 U.S.C. § 1446(d).

12. Attached as Exhibit A is a copy of all process, pleadings, and orders served on the removing defendants as required by 28 U.S.C. § 1446(a).

ACCORDINGLY, the removing defendants remove this action and give notice that the Circuit Court of Smith County, Mississippi shall proceed no further pursuant to 28 U.S.C. § 1446(d).

Respectfully submitted,
